- **Alsace, a territory for an exceptional marriage between sport and tourism.**
- **Located in the north-east of France, in the heart of Europe, bordering Germany and Switzerland, Alsace is endowed with a heritage of remarkable richness and wonderful landscapes. Its traditions continue within the framework of an impressive culture, a famous gastronomy, and a very friendly and European sense of hospitality.**
- **Alsace is also a territory of athletes with flagship events including the Obernai-Benfeld International Triathlon. This event, which brings together nearly 2000 participants each year, is a successful marriage between high-level sport and beginner-amateurs.**
- **With 7 events for all ages (from 6 years old) and all levels of practice, beginners, amateurs or experienced triathletes will find an event to their measure. From Benfeld with its lake and natural setting, then by bike on the Alsace wine route. For the sharpest, a mountain passage will give the opportunity to rub shoulders with a Grand Site of France by climbing Mount Ste Odile at an altitude of 760m. The event ends in Obernai with a race between medieval towns, orchards and vineyards.**
- **Do not hesitate to register for one of the events of this Triathlon, individual or relay, atmosphere at the rendezvous.**
- **The organizing team wishes you a beautiful 23rd edition.**
